

National Gift Cards prior to 31st December 2021

The National Garden Gift CARD program has been operating for over 10 years with many 100's of thousands of cards issued and activated by customers.

Due to a change of supplier of the gift card processing platform, only retail locations that were live with the 'old' card provider are able to continue to redeem cards that were activated and issued prior to 31st December 2021.

There is no IT solution to enable new retailers to join and redeem cards issued on the 'old' program. All retailers who participated on the 'old' program or have since joined the program will be able to redeem Gift Cards issued from 1st January 2022 onwards.
